ARKANSAS, East

This farm equipment was destroyed when a F3 tornado moved east across southern Cross County.

This tornado continued east from Woodruff County into Cross County eventually crossing into Crittenden County. The most affected area was the Fitzgerald Crossing community located south of Wynne and the Village Creek State Park. Twenty-four homes and two mobile homes were destroyed. Ten homes had major damage with twenty seven homes and five mobile homes receiving minor damage. Most of this damage occurred south of Wynne near the Intersection of State Highway 1 and County Road 652. The Village Creek State Park suffered damage to the Visitors' Center and the tennis court. Five minor injuries occurred with the tornado.

Crittenden County Jeanette	02	1823CST 1830CST			0	0	2.5K		Hail(0.88)
Crittenden County 5 W Jeanette to 4 W Crawfordsville	02	1834CST 1846CST	7	200	0	0	25K		Tornado (F3)
The tornado continued east from Cross County lifting 4 miles west of Crawfordsville. Two commercial buildings had minor damage. The tornado produced F0 damage while in Crittenden County.									
Crittenden County Jericho	02	1840CST 1845CST			0	0	5K		Hail(1.00)

--------------------------------------	----	--------------------	---	----	---	---	----	--	--------------

The tornado touched down near the Parker Cross Roads community and tracked northeast into Carroll County. Damage in Henderson County was limited to scattered tree damage. The tornado began as a F0 in Henderson County and strengthened into a F2 tornado as it moved towards Yuma in Carroll County.

Carroll County

3 SE Clarksburg to 3.5 ENE Yuma	07	1236CST 1244CST	6	100	0	5	2M		Tornado (F2)
------------------------------------	----	--------------------	---	-----	---	---	----	--	--------------

This home in Yuma was destroyed by a F2 tornado on April 7th, 2006.

The tornado moved out of Henderson County and continued northeast into Carroll County. The town of Yuma was significantly affected by this tornado with the highest concentration of damage occurring in the residential area between Yuma Baptist Church and the south side of Highway 424. There were five injuries as a result of the tornado. Fifteen homes were destroyed and twenty-nine homes were damaged. The Yuma Community Center, a former school building, was destroyed. The Yuma Church of Christ sustained significant roof damage. Numerous trees and power lines were also knocked down. The tornado continued to travel northeast past Yuma and eventually lifted at the Natchez Trace State Park near Hester Trail Road.
